
MY FIRST INVENTION

WHEN WE WERE IN ELEMENTARY SCHOOL, WE GOT AN ASSIGNMENT CALLED "MY INVENTION FOR THE FUTURE"

WE HAD TO INVENT SOMETHING USEFUL FOR THE FUTURE.

HOW ABOUT THIS? DON'T YOU FIND THAT SOMETIMES, WHEN YOU'RE REALLY HUNGRY, WAITING 3 MINUTES FOR RAMEN TO COOK IS TOO LONG?
3 MINUTES
YEAH!

THEN DON'T EAT IT
WHAT'S WRONG WITH YOU!
DON'T BE SO IMPATIENT!
WHAT THE..

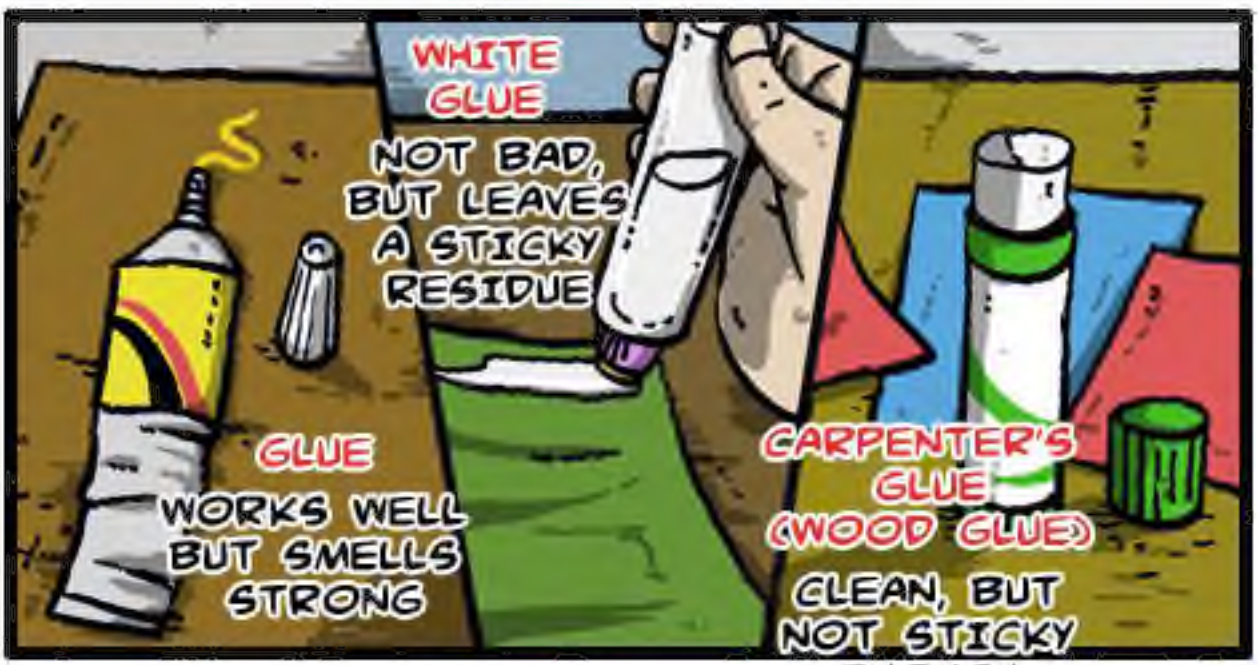
I INVENTED THIS "RAMEN PRESSURE COOKER."
IF YOU PUT THE NOODLES IN THIS AND ADD WATER...
OH...

YOU CAN HAVE RAMEN IN 30 SECONDS!
WOW!
SLURP -

HARD RAMEN

FINALLY, THE DAY OF THE PRESENTATION

THERE ARE THREE KINDS OF ADHESIVES



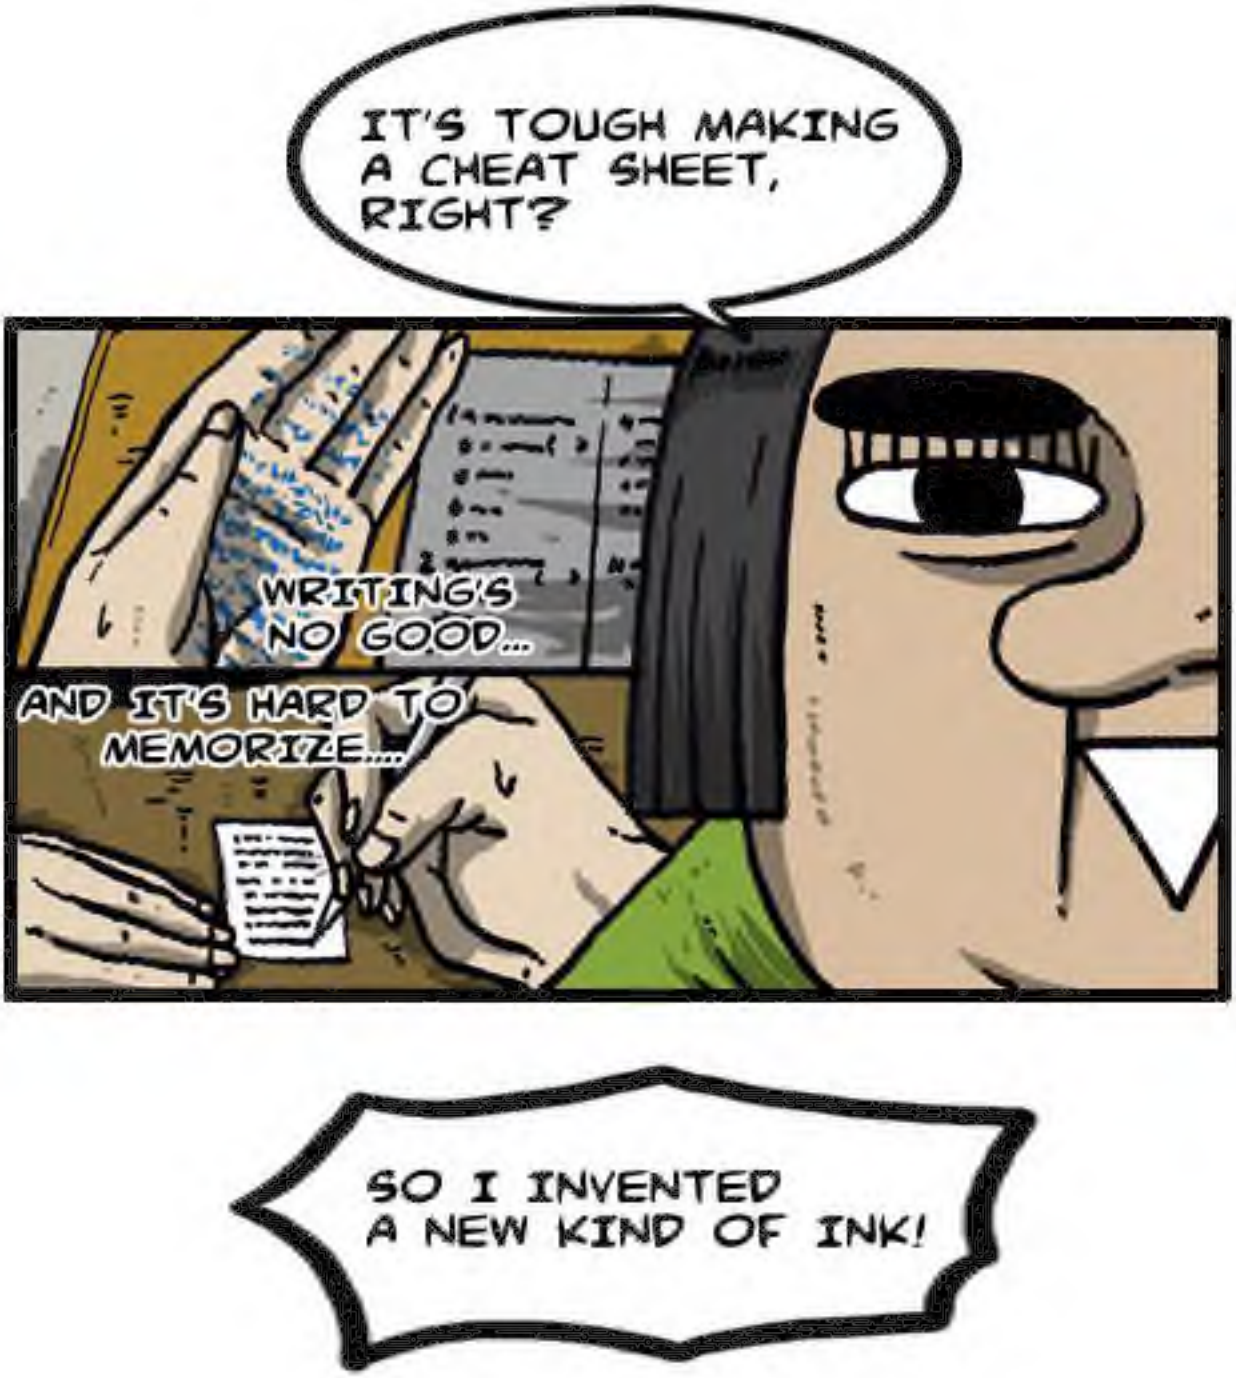
WHITE GLUE
NOT BAD, BUT LEAVES A STICKY RESIDUE
GLUE
WORKS WELL BUT SMELLS STRONG
CARPENTER'S GLUE (WOOD GLUE)
CLEAN, BUT NOT STICKY ENOUGH

IT'S ALWAYS A TOUGH CHOICE TO MAKE.

BUT WORRY NO MORE!
NOW THERE'S A GLUE THAT
COMBINES ALL THREE!

ENOUGH

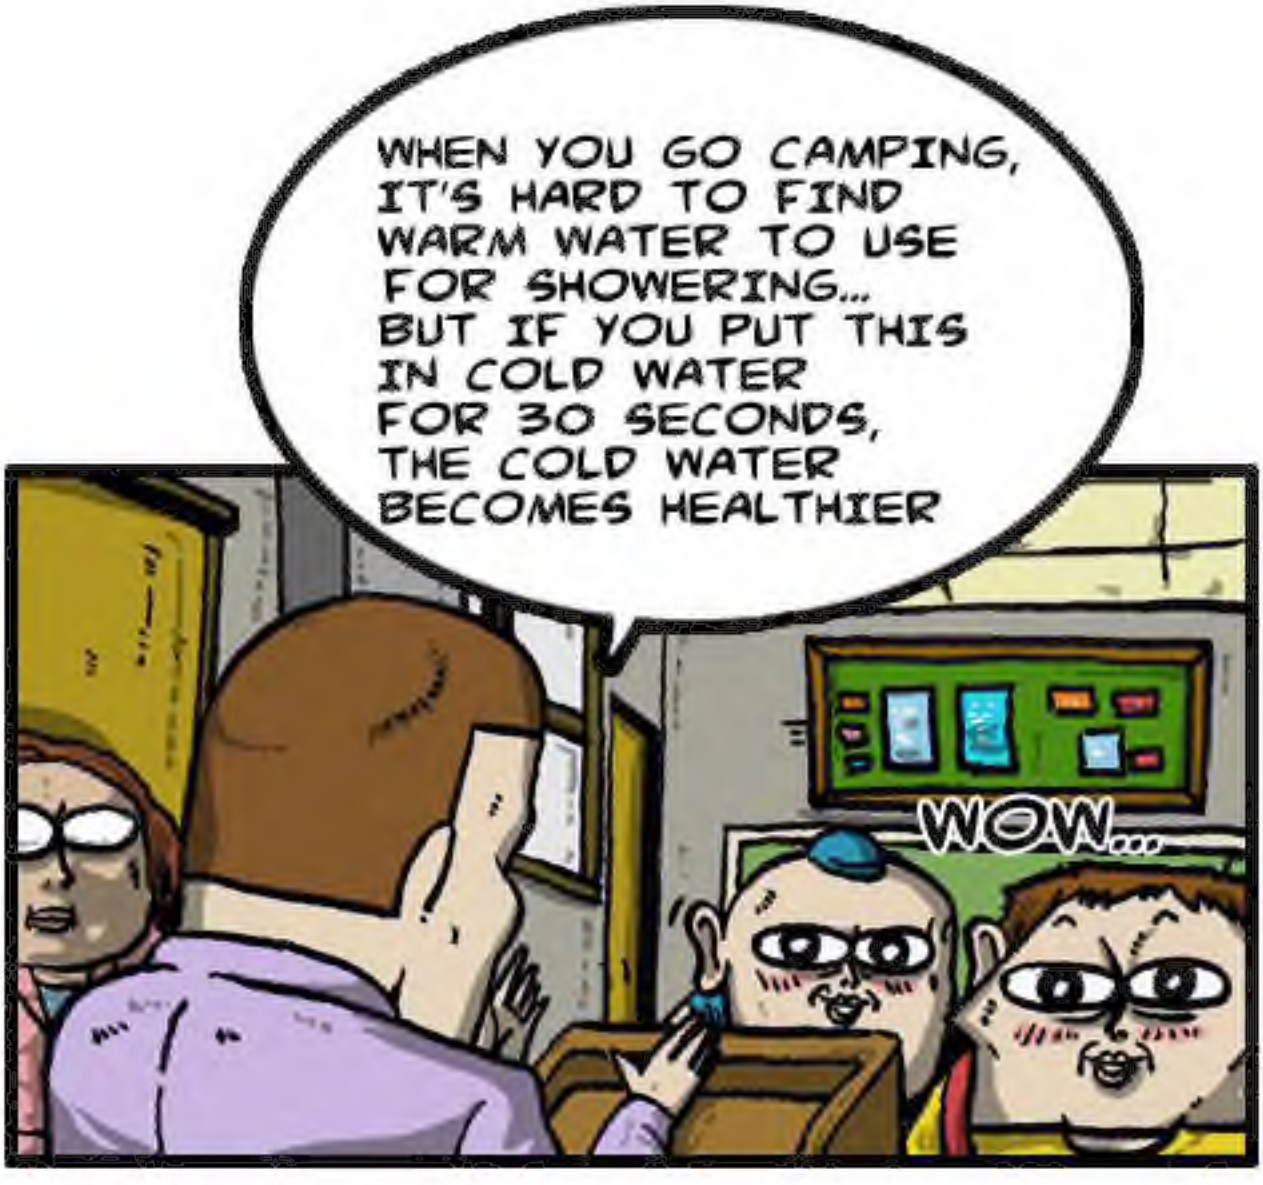
NO NEED TO WORRY ABOUT WHICH CRAPPY GLUE TO USE ANY MORE!



IT'S TOUGH MAKING A CHEAT SHEET, RIGHT?
WRITING'S NO GOOD...
AND IT'S HARD TO MEMORIZE...
SO I INVENTED A NEW KIND OF INK!

IT USES A SPECIAL ADDITIVE TO MAKE IT INVISIBLE TO THE HUMAN EYE.

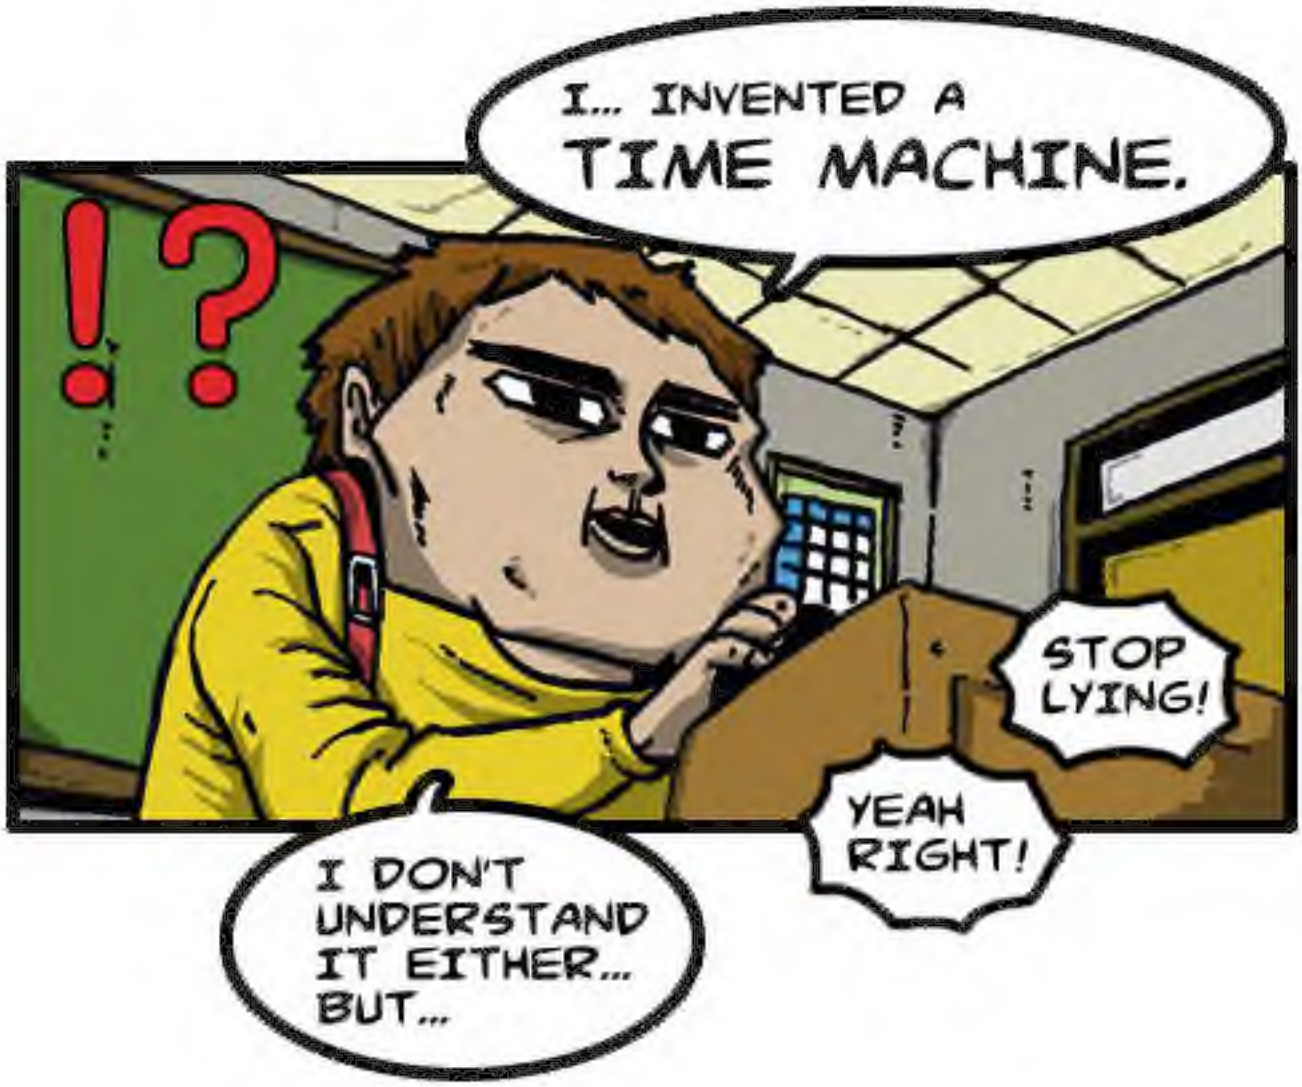
NO ONE WILL BE ABLE TO READ IT!



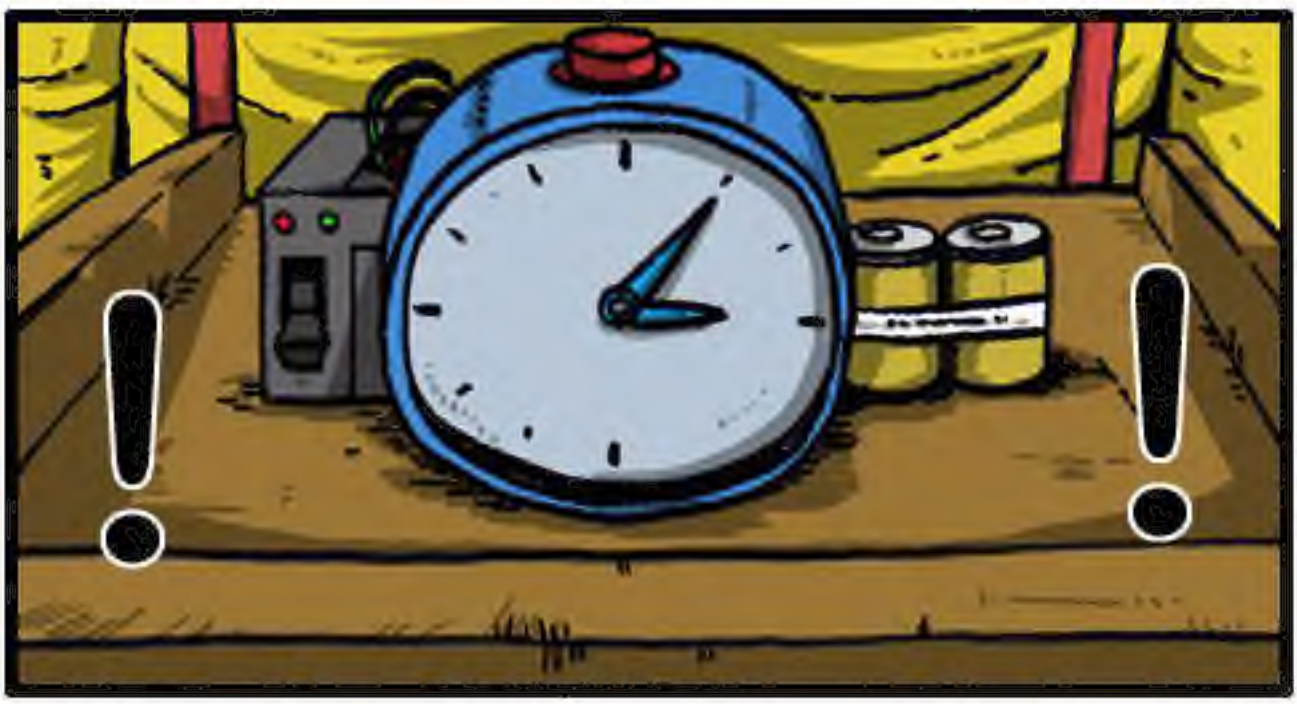
WHEN YOU GO CAMPING, IT'S HARD TO FIND WARM WATER TO USE FOR SHOWERING... BUT IF YOU PUT THIS IN COLD WATER FOR 30 SECONDS, THE COLD WATER BECOMES HEALTHIER
WOW...

THERE WERE SOME PRETTY DECENT-SOUNDING ONES TOO

FINALLY, IT WAS MY TURN.



I THINK I JUST



STUMBLED UPON IT.

AT 6 O'CLOCK,
MY ALARM CLOCK RANG

I WOKE UP AND
WAS GOING TO PUSH
THE **RED BUTTON**
TO TURN IT OFF,
BUT...

I HAD ARRIVED AT 3 HOURS
IN THE FUTURE.

I CALL IT A TIME MACHINE.
YOU MIGHT CALL IT
SLEEPING IN.
